Policy Letter #18

TO: All Mid-Carolina Service Providers

FROM: Justin Hembree, Interim Director

SUBJECT: Serving Immediate Family Members, Close Acquaintances, and Other Stakeholders in WIOA Training Programs

PURPOSE

This policy provides guidance on the requirements and procedures that ensure all individuals enrolled in the Workforce Innovation and Opportunity Act (WIOA) program have been determined eligible, assessed, and served in an ethical manner that is free from any real or perceived conflict of interest.

Local WDBs and NCWorks Career Center staff must follow and be aware of all applicable federal, state, and local conflict of interest requirements when providing services (directly or indirectly) funded by Workforce Innovation and Opportunity Act (WIOA) resources. WDB and staff must be committed to maintaining the highest standard of ethical conduct and to guard against problems arising from real, perceived, or potential conflicts of interest.

POLICY

The WIOA program, while not an entitlement, should be accessible to any individual who is eligible and suitable for services available in the local area, subject to Local Workforce Development Board (WDB) policies and procedures. However, when applicants have a close relationship with the WIOA staff, management, and other specific stakeholders of the workforce development system, attention must be given to ensure access to program services is not based upon this relationship or political influence. It is possible that even without an intention to misuse WIOA funds, the decision to enroll an individual in the program could be perceived as improper and cause potential non-compliance with state and/or federal law.

A general authorization for providing funds to participants will comply with the standards of conduct for maintaining the integrity of the program and avoiding any conflict of interest in its administration. Local Chief Elected Officials, Local Workforce Development Boards, designated fiscal agents, and administrative officials must help meet the objectives of WIOA through effective policies, procedures, and safeguards that ensure the integrity of these public

funds. Throughout the Local Workforce Development Areas, safeguards must be in place ensuring that all those served in the program are not only eligible and suitable but also detached from being part of the perception of impropriety or conflict of interest.

In the event a service provider/contractor is related to a WDB staff member or officer, appropriate firewalls must be in place to ensure that staff member/officer does not directly monitor, supervise, or provide oversight. An alternate staff member/officer must be identified to assume the oversight responsibilities.

All local WDB members, WIOA sub-recipients and/or contractors and other Career Center staff must sign and attest to the Local WDB Conflict of Interest Policy (See Policy #26 Conflict of Interest Requirements for Workforce Development Boards, Staff, and Contractors). Signed Conflict of Interest Policies must be maintained at the local office.
